NOW, THEREFORE, I do issue this, my Proclamation,

and do hereby make known to all the good people of the State of North Carolina; that the said proposed Amendment has been approved and ratified, and is now a part of the Constitution of this State. In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State of North Caro-

lina, to be here affixed. Done at the City of Raleigh, on the tenth day of September, A; D., 1857, and in the 82d year of American Independence. THOS. BRAGG. Re the Governor: PULASKI COWPER, Jr. Secretary.

The Northern Conservative and the Southern Black Republican.

John B. Weller from Ohio, is the conservative, and Edward Stanly from North Carolina, the Black Republican candidate for Governor of California! The former distinguished himself in his native State as a champion of the constitution against the designs of the abolitionists; the latter made himself notorious by his proshowed his faith by his acts, the other by his words. It conservative party of the Union. Weller is in California what he was in Ohio, the uncompromising foe to Black Republicanism, and has been selected to lead the conservative forces to put it down, Stanly is in California what he was in North Carolina, the bitter opponent and persecutor of the conservative Democracy, and has been chosen as the leader of the the rights of the North," as one of their resolutions expresses it. In one particular, however, Stanly is not now what he was in North Carolina. Then he professed to be a better Southern rights man than any Demperat. North or South. Now he is an undisguised antislavery man of the New England School. He left his mask in North Carolina, and he now stands on the shores of the Pacific, "in naked ugliness," like the hypocrite described by the author of "The Course of Time." results from Mr. Stanly's effective power on the stump. They seem to think that Weller will be consumed by the to pay return letter, burning lava of Stanly's wit and sarcasm," as one of them has it. Vain hope! Weller is more than a match for Stanly on the stump, even if the latter had an equally good cause to advocate and defend; and as to a Black Republican triumph in a debate between the two cham- for the CASH. Call before purchasing elsewhere, as we pions upon the present issues involved, the mere suggestion is ridiculous in the extreme. So far from gaining popular honors and overwhelming his competitor in this canvass, we strongly incline to the opinion that Stanly himself will be consumed by the "burning lava" of the indignation of the conservative citizens of the Pacific

AN EXTRAORDINARY SURGICAL TRIUMPH .- The Lowell News says that some twenty-seven months ago a young man, named Wm. K. Foster, had the whole of one elbow joint torn out by an accident. He was taken to the hospital, where Dr. Kimball, advised by Drs. Graves and Dickey, proceeded to saw off the fragmentary bones, shortening them some two and a half inches, and then uniting them so as to make a new joint .-Strange as it may seem, the wound did well and healed, and Mr. Foster has a good elbow joint and arm. He moves the joint with perfect ease, though not quite so fully as the other, and can, as he says, hold out twentytwo and a half pounds with the hand at arm's length.-The arm is now nearly three and a half inches shorter than the other, and is a good and reliable arm for all the purposes of labor to which Mr. Foster is called.

In the life of Mr. Faison we have a practical illustration of what may be accomplished in the short life-time of one man by sober diligence and a close application to business. He commenced life with very little means and ended his days the wealthiest man in the county. He was a man of mmon mind, having a sense of the cast-iron kind; more solid than brilliant. He read men and things with care, and was seldom disappointed, or deceived in his conclusions .le seemed never to be at a loss to know in what direction to look for success. He has left to his brother farmers a most worthy example of what may be accomplished, by sobriety, economy, and untiring energy. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others, effected a decided cure. This is a purely vegetable compound, prepared on strictly

scientific principles, after the manner of the celebrated Holland Professor, Borhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American publicf knowing that its truly won-

derful medicinal virtue, must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system. NOTICE.-Whoever expects to find this a beverage will

will prove a grateful aromatic cordial, possessed of singular remedical properties. CAUTION ! FLOUR-The dry weather which has prevailed for some weeks past having prevented most of the mills in the country from running, the receipts here for two or three weeks have been meagre, and in consequence the market has become almost entirely bare. One lot sold from first hands on Tuesday at \$8 for superfine, being an advance of 50 cents \$\mathbb{P}\$ bbl. over last Thursday's highest quotation. This advance may be attributed altogether to the light receipts, as prices in other markets by no means justify above figure, and cannot be maintained if the arrivals are of any moment during the next week.
